REMARKS

Claims 1-41 are pending in the present application.

The Examiner has required election in the present application between:

Group I, claims 1-15 and 30-36, drawn to a camera that inputs a single image, stores a predetermined photographing condition, and outputs a timing signal when the subject satisfies the photographing condition, and the corresponding method, classified in class 348, subclass 2221.1; and

Group II, claims 16-29 and 37-41, drawn to a camera that inputs a plurality of images, detects the variation of the subject in the plurality of images, and outputs a timing signal when the variation of the subject satisfies a predetermined condition, classified in class 348, subclass 208.99.
